*The world is a looking glass  
and gives back to every person  
a reflection of his own face.*

*Laugh at it and with it and  
the world's a joyful kind of  
place.*

*Frown at it and the mirror  
dissolves into shadows.*

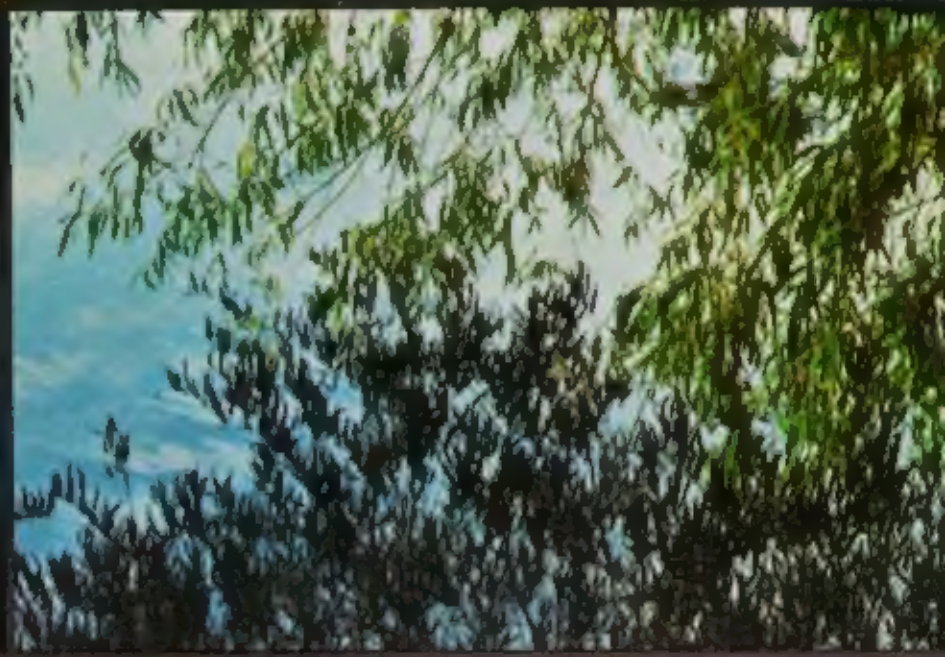

*For each of us, Columbia's  
world was filled with shadows  
and smiles.*

*Let us remember.*

*Let us look back . . .*

*Reflections—of faces staring  
back at us—our faces—eighth grader,  
senior, teacher, counselor, administrator . . .  
it's our reflections—yours and mine  
and his and hers and theirs . . .  
it's us.*

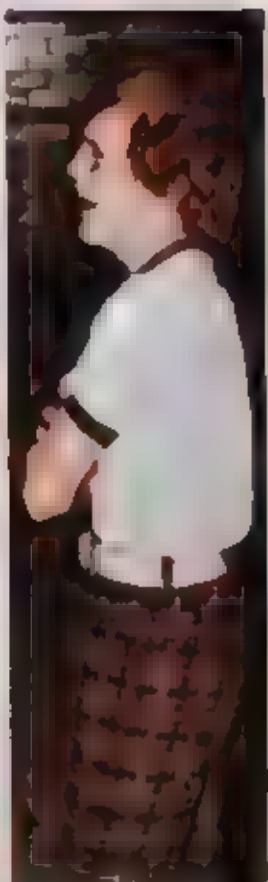

Memories of that  
place, time or special person  
To remember always . . .

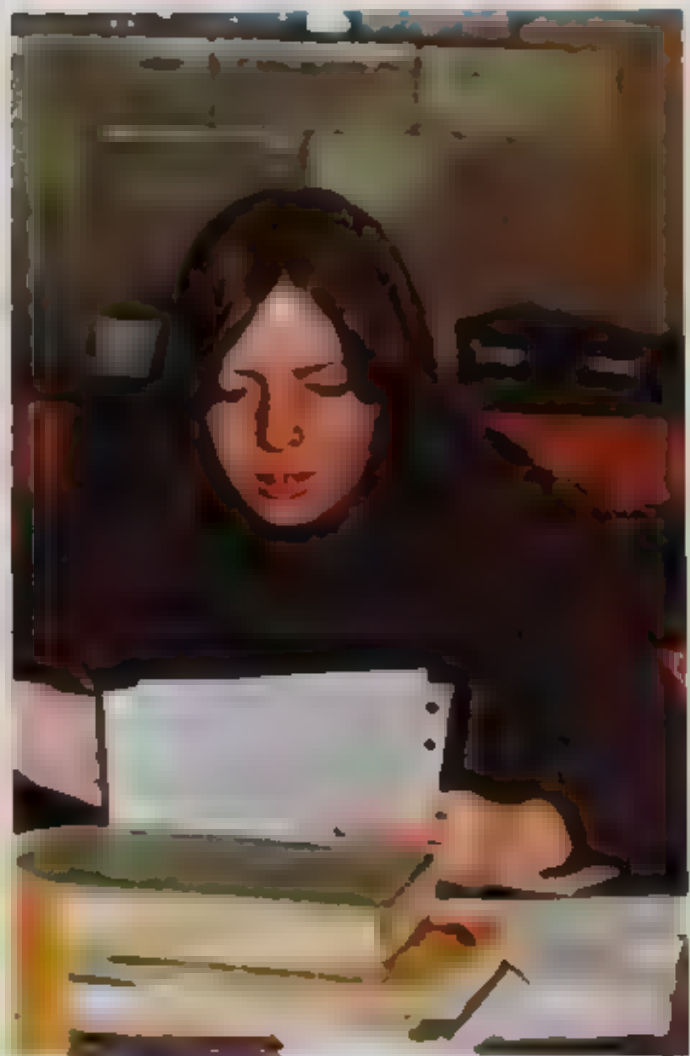

Time it was,  
And what a time it was.  
It was . . .  
A time of innocence  
A time of confidences  
Long ago; it seems like yesterday . . .

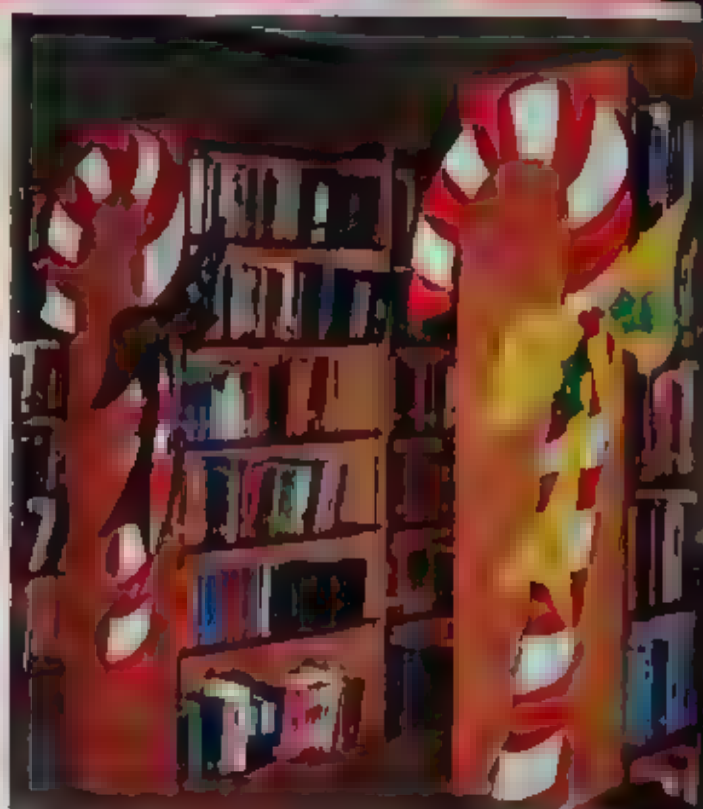

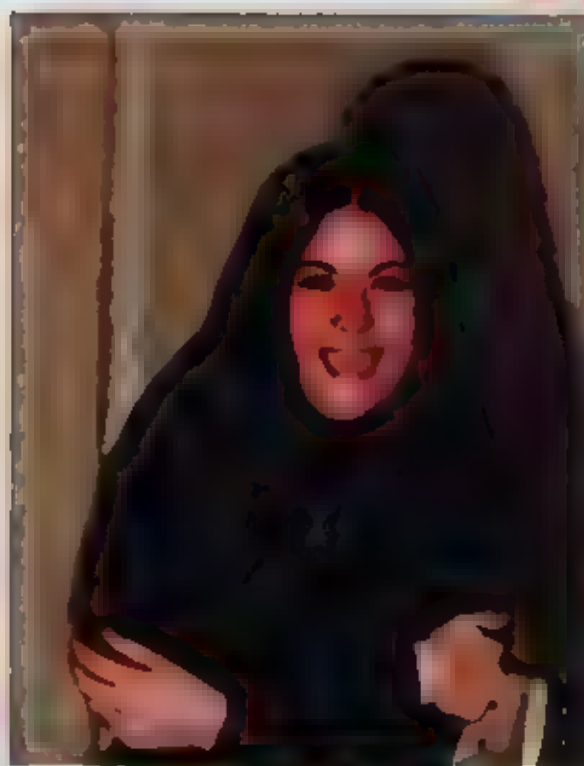

Reflections of a  
Goodly Soul  
All these things I've seen

# PHOTOGRAPHS

My first photo was taken when I was 10 years old. I was standing in front of a tree and a man in a suit was standing next to me. I was very nervous but I did it. I was 10 years old and I was very nervous but I did it. I was 10 years old and I was very nervous but I did it.

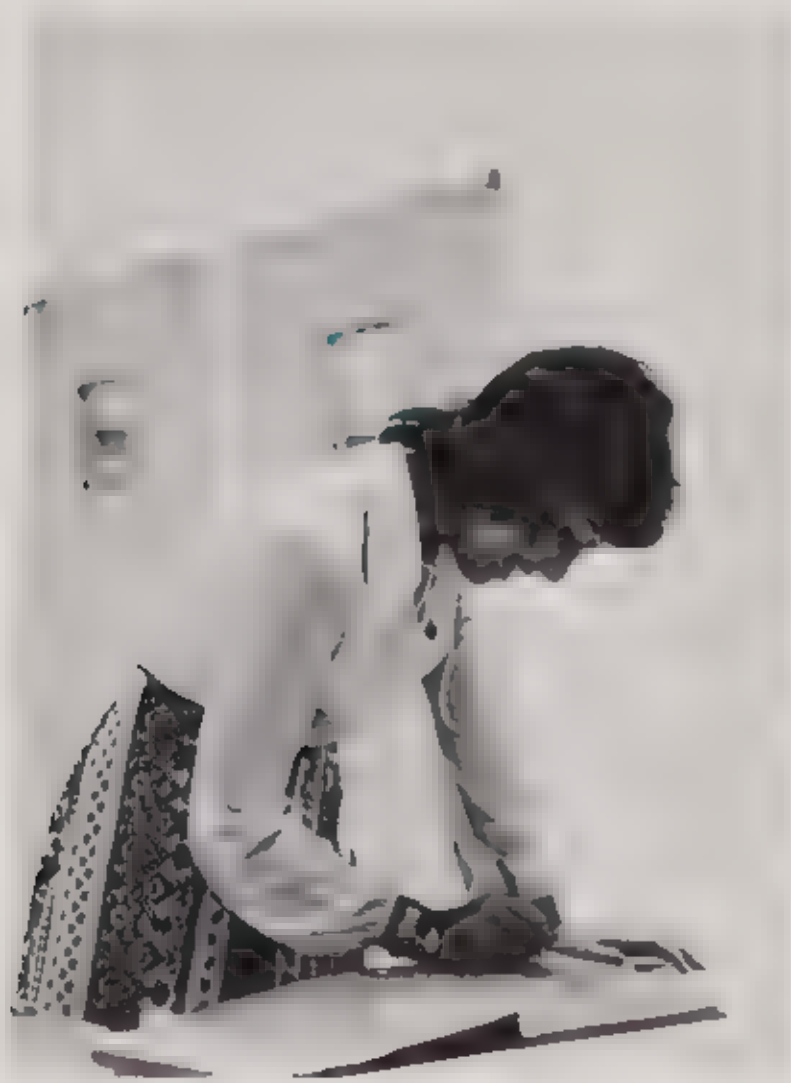

*Remember a quarter, a day, a special moment . . . A week when everything went wrong, a day when everything went right . . . Remember the tests that were flunked, the exams that were always passed, the projects and papers that had to be turned in . . . a never ending stream of homework. . . .*

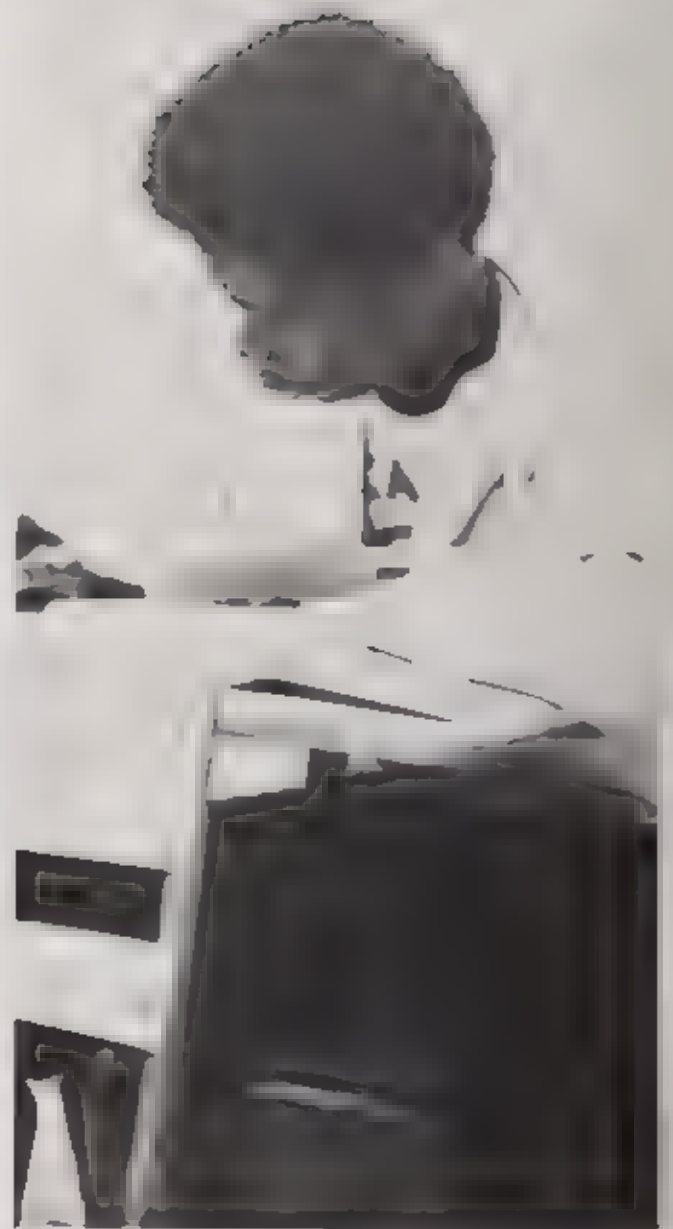

*Remember—fall, winter, spring—half-time shows with the marching band, an out of step drill team . . . make-up days in April for a week of ice and snow . . . science fairs and math tournaments*

*Exercises in a drafty gym, fashion shows, open campus . . . a departing football coach, and a winning wrestling coach named Godlewski . . .*

*Pep rallies, club meetings, talent shows, remember these? Football games and beauty pageants, the soccer team and the Pep Squad . . . A science club with one member, a Beta club with a paper route . . . These are also part of Columbia*

*School—from registration day to graduation—it's quite an experience . . . and an education.*

## Homecoming

It was Homecoming.  
Seeing seniors from two years back,  
three years back.  
Even some seniors from last year.  
And for the first time, homecoming  
organized by the senior class.  
It was a good idea, especially for  
the juniors.  
It was a good Homecoming.

# Cross Country

*Our Cross Country team set out to regain the 7AAA region title from last year's winners—Walker. Walker had the best runner in the state, but our Jerry Vincoli looked like he had a clear shot for second in the region.*

*In the regular season, our team won against every other team in the region except Walker and finished with a 6-5 season. The other losses were to teams who did very well in their classes. The team was looking promising just before the region meet. Speculation was that Columbia might upset Walker and take the region again.*

# *Faculty*

She was born in Childress, Texas, and she went to Texas Tech University. She came to college with 20c and worked her way through five years of education. She graduated with \$120.00 in the bank and a degree in textile engineering.

She was National Cotton Girl her senior year, and served as the Cotton Bowl Queen. After she left Texas, she went to New York as head technician for the Wellington Sears Company. She did the technical design for the Martex towels, and she also did some technical designing for dresses. She spent two years as the textile editor for Good House-keeping, and finally ended up in the teaching profession.

She was first a substitute teacher in metal shop. She agreed to teach math one day fifteen years ago, and has been teaching ever since. She has many hobbies, though gardening is her favorite. She is a practical kind of person, and enjoys raising vegetables and fruits. She likes to knit, and crochets a bit. She likes to teach herself new things, and she has just taken up the study of the Swedish language. She has traveled all over the world: to Central and South America, to Europe and the Nordic countries, and all over the United States. She has three grown daughters and a cat named Missy.

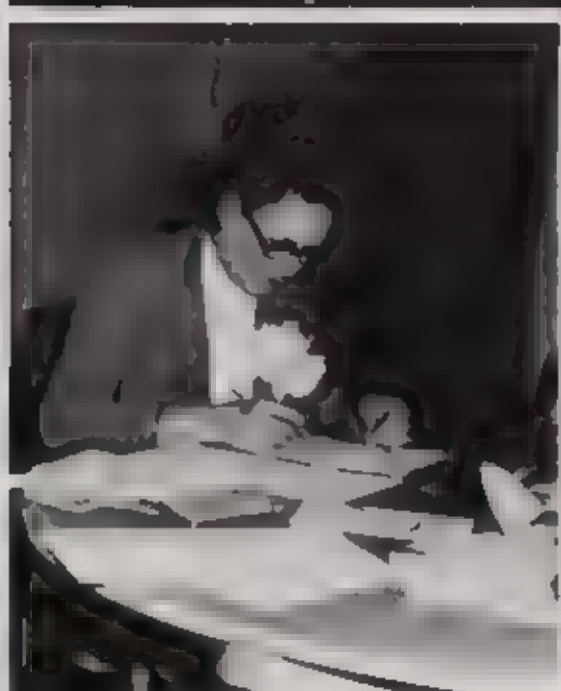

She has taught at Columbia High since the school was first opened. She has made an impression on all of her students with her knowledge and her personality. We dedicate this 1973 annual with our gratitude for all that she has given us to

MRS. OPAL JOHNSON

# Dedication

'73

## *J. Wesley Hardy*

### *Principal*

*Much has been accomplished by our fine faculty and student body this year. Our school has been a pace-setter in academic, athletic, and activity areas. A good school spirit and attitude is reflected in the records and the accomplishments made during this school year. Opportunities are abundant in our school for a student who seeks to prepare himself for a productive life by taking advantage of his time here at Columbia. There is a genuine desire on the part of our faculty to meet the needs of individual students. Our goal is to assist our students to become responsive, responsible, and creative persons. With the continuous support of parents, students, and faculty members we will continue to serve the Educational and Cultural needs of our students*

## *Jon Wallace*

### *Assistant Principal*

*Mr. Jon Wallace came to Columbia High School this year from South-West DeKalb, where he served as basketball coach. He received his B. S. and M. S. in education from Florida State University.*

*"Since coming to Columbia," he said, "I have become very impressed with the general attitude and cooperation of the students. They are concerned with educating and preparing themselves and accept this responsibility. I am proud to be a part of Columbia and feel that we can all be proud of our students. In the near future, these students will be effective, participating citizens."*

*Mr. Wallace's rapport with the students is very refreshing. He feels the communication between students should be strengthened to its fullest extent, and he is always ready and willing to listen to the students*

## *Mr. James Casteel*

### *Administrative Assistant*

*As Assistant Administrator at Columbia, Mr. James Casteel is in charge of maintenance and discipline.*

*"Because of my association with the students of Columbia through my office and my job as coach of the track team, I find Columbia students capable and ambitious young people. The majority of the aspects of Columbia are promising and I feel honored to be a member of the administrative team."*

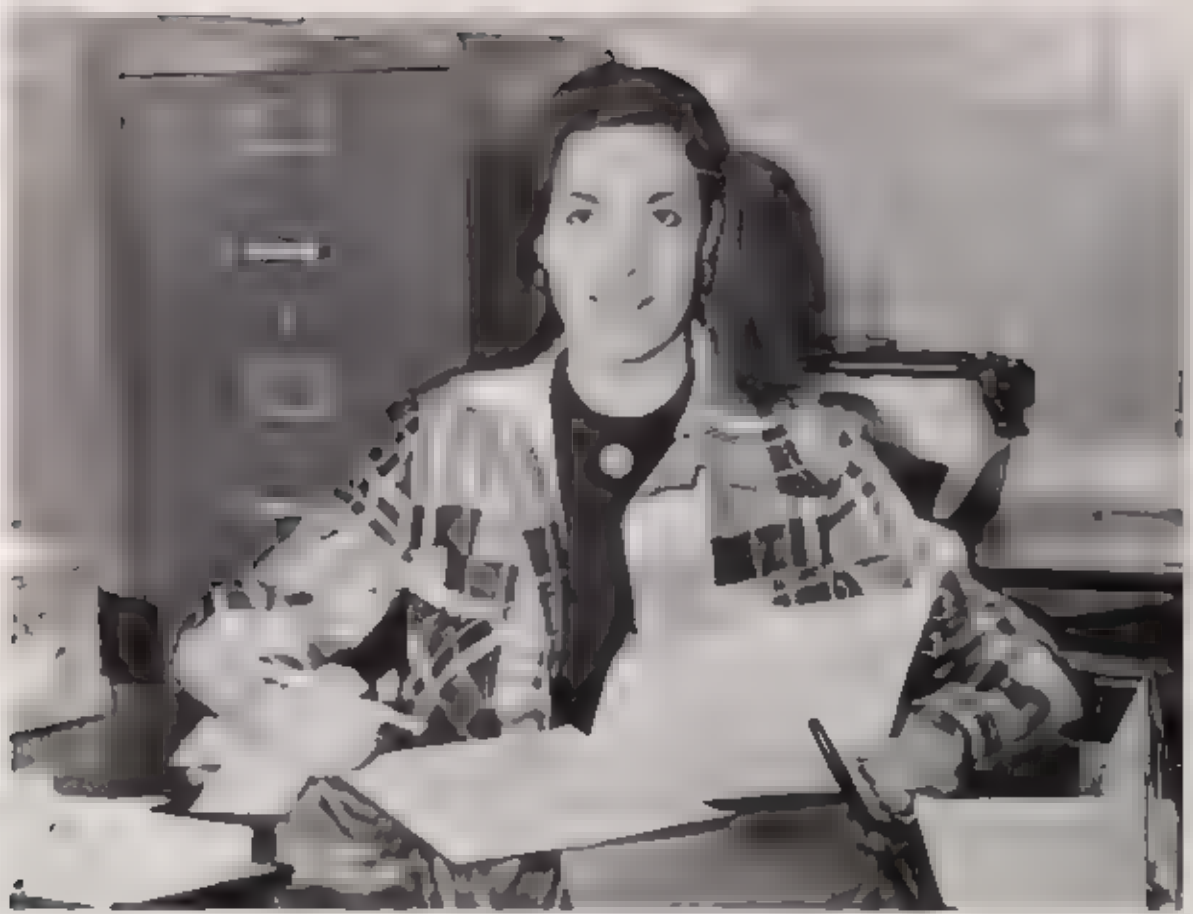

## *Mr. Robert Bonner*

### *Administrative Assistant*

*Another addition to the Columbia administrative staff this year has been Mr. Robert Bonner. Mr. Bonner has his degree in instrumental music and his Masters in Education Administration from the Atlanta University. He is currently a post graduate student at Georgia State, working toward his 6 year certificate which he will receive this summer.*

*"I joined Columbia High School's administrative staff on March 1, 1973, with the philosophy that students are not in this world to live up to everyone's expectations; there are certain standards that students should strive to meet. Those standards should be high, moralistic and realistic. Each student should strive to develop his greatest potential in order to enjoy life, to cope with a democratic society, and to do better than just 'alright'."*

# Faculty

## B A S K E T B A L L

*The Annual Student-Faculty Game got underway as the tip-off was won by Miss Margaret Gorley for the Teachers. The Ladies Faculty finally edged out the Students 15-14.*

*It was a different story, however, for the Boys playing the Men in the Faculty. Leaving them trailing by 5, Students were victorious 54-49.*

# COLUMBIA TRIBUNE

"the EAGLES talk"

VOL MCMLXXXIII

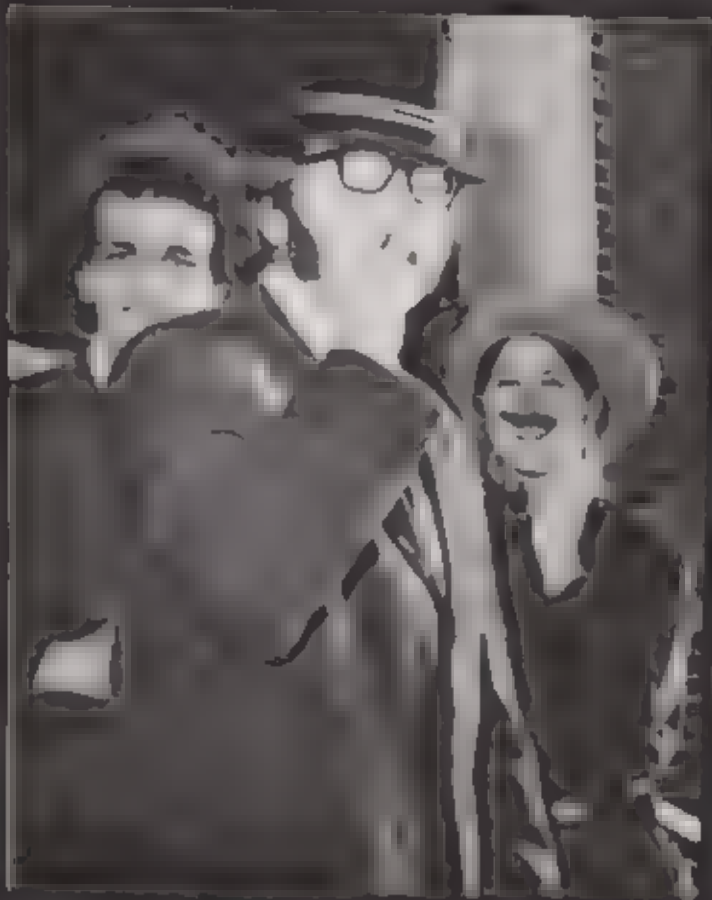

JUNE 6, 1983

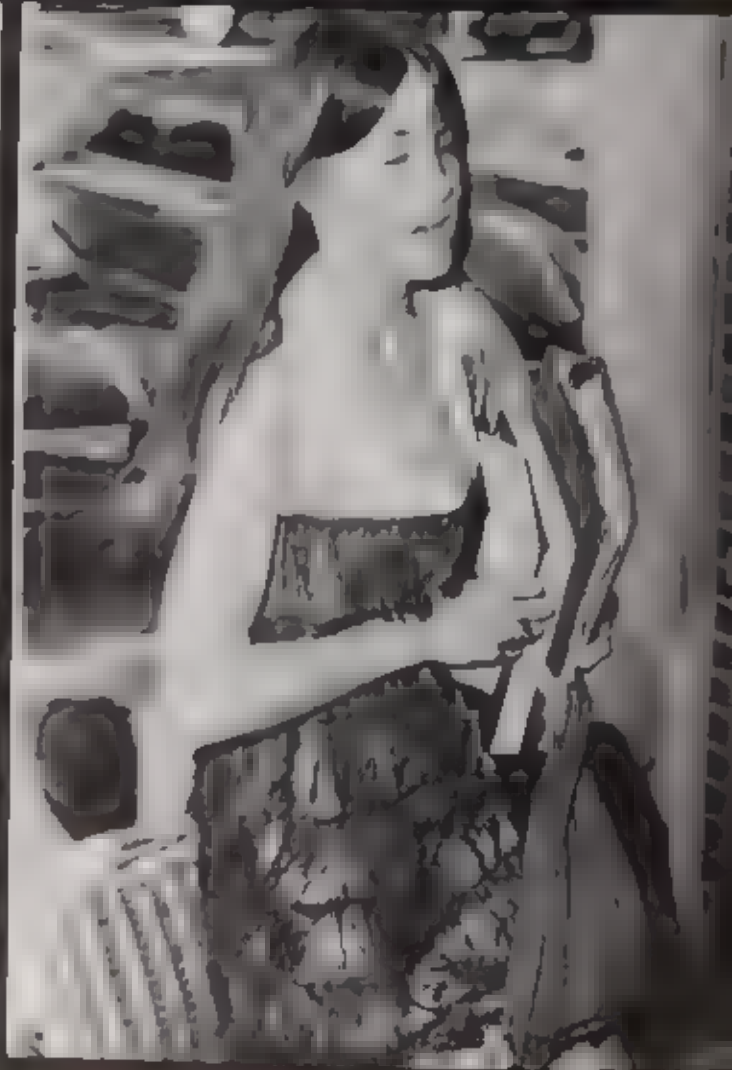

*Today in Lima, Peru, Army nurse Captain Delayne Heredia announced her engagement to Generalissimo Fernando Juan Lopez Murcia Tocaz (Ferdie). Films of Captain Heredia's wedding will be nationally syndicated. The actual ceremony was produced by Mike Watkins with art by Deidra Dutsch and costumes by fashion designer George Wright. The ceremony was held just below the surface of Lake Titicaca.—Broadway hit Carla Currie stars in "More of Me to Love". Her great acting ability has brought instant success.—Noted astronomer Rex T. Smith released a series of pictures of vehicles from other planets. The press and public were very attentive to Mr. Smith until he started to lecture. The audience slept for about three hours.*

The first personality transplant was attempted by Dr. Cathy Jacobs. The brilliant doctor performed the delicate operation on Mr. Steve McMillan with the able assistance of Dr. Cathy Pennington. Mr. McMillan underwent the operation to better prepare himself for his new career in music.—Miss Sharon Douglas is now a wealthy young woman, having won her case against Joey Wright. Sharon sued the esteemed Dr. for malpractice when he captured her heart and refused to return it. She was also suffering from a case of bruised lips.—Joe Gray has finally broken into bigtime band with his new combo called the Swinging Sixers. Soloist is Deliece White, the well-known pop singer.—Jan Tippens has made her TV debut by becoming the new "Long and Silky" commercial girl.—E.C. Strickland, mad scientist, has struck a tragic blow when unexpectedly his lab experiment blew up, along with himself. His remains will be cremated Friday by his favorite Bunsen burner, and his ashes will be made slightly acidic with 2M  $H_2SO_4$  and then put in a 200 ml flask.

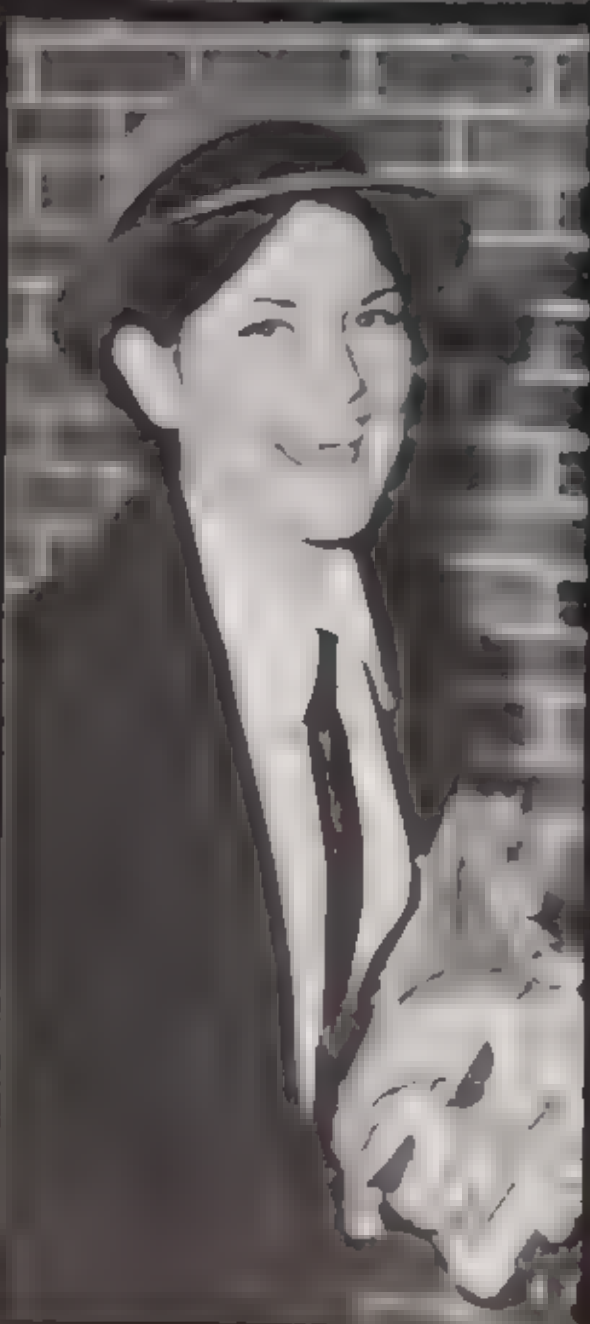

The hottest thing on Broadway this year is Jeff Keiss's new play starring Susie McElroy. The name of this marvel is "Splash, Splash!". The current singing smash Newton Hendrix is also appearing in the play singing background music. Instrumental music is being provided by that sparkling pianist Vicki Powell.—Mike Harley the Great White Hunter, recently returned from an extensive hunting trip through Africa. His trip was cut short so he could return to the U.S. to accept the "Outdoorsman of the Year" Award.—Steve Cowan, world-renowned geologist, has recently cracked his head on an ancient fossil while executing a back handspring into a near-by cave.

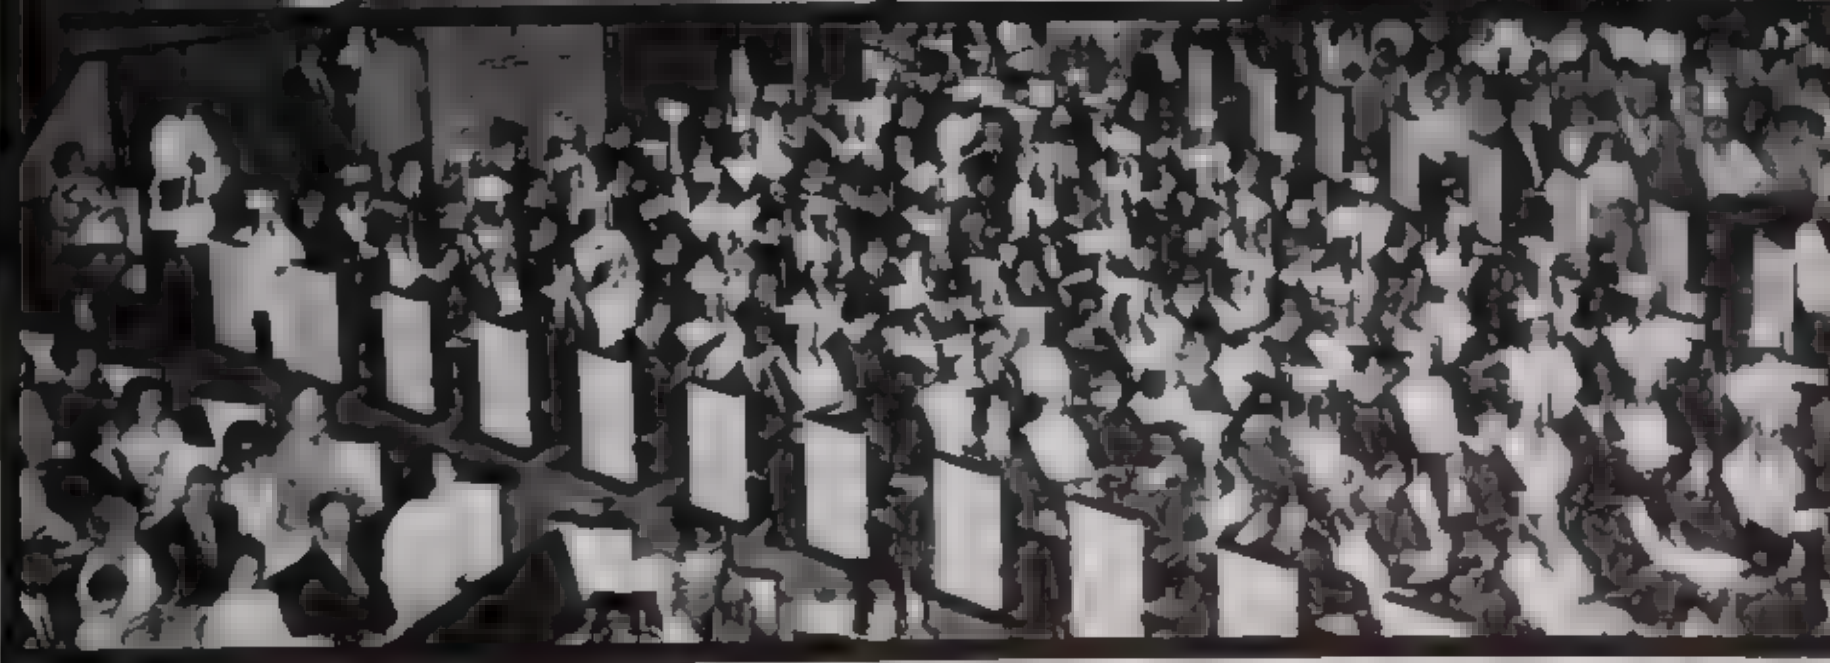

Robert Peterson finally got the recognition he had been striving toward his pitching. Although he wanted to be admired for his fast ball, he settled for the publicity he received when his pants leg ripped and several girls in the crowd fainted.—Richard Hammond starred in a concert given before sell-out crowds in Madison Square Garden, breaking all previous money-making records there.—Gary Beach, Houdini the Second, world-renowned prison escape artist, attempted to break into his alma mater's library. Captured when he was found without a library pass, Mr. Beach has begun serving a life sentence as assistant secretary in charge of no passes and overdue vertical files.—Navy pilot Commander David Hooker has qualified as the first pilot of the navy's new submarine aircraft which is powered by twin nuclear reactors. Wesley Marchman was found in the hospital after winning the 26 mile Boston Marathon.

HARD NIXON

We honor this Georgia High School student for her outstanding achievements during her high school career. This impressive list includes: **PRESBYTERIAN COLLEGE ACADEMIC ACHIEVEMENT AWARD**—given each year to the top boy and girl in the Junior Class. **NATIONAL MERIT FINALIST**—are selected from the Merit Semi-Finalist (Semi-Finalist represent the top 1/4 of 1% of the seniors from a given state) with the principal's recommendation.

**CERTIFICATE OF MERIT**—given each year by the University of Georgia to the top 5% of the Junior Class. **JOURNAL CUP**—given each year to recognize the best all around senior in each school.

**SOUTHERN RAILWAY SCHOLARSHIP**—given each year to only five students, and is to the school of their choice. **READERS' DIGEST VALEDICTORIAN AWARD**—given each year to the student earning the highest overall grade point average during their high school career.

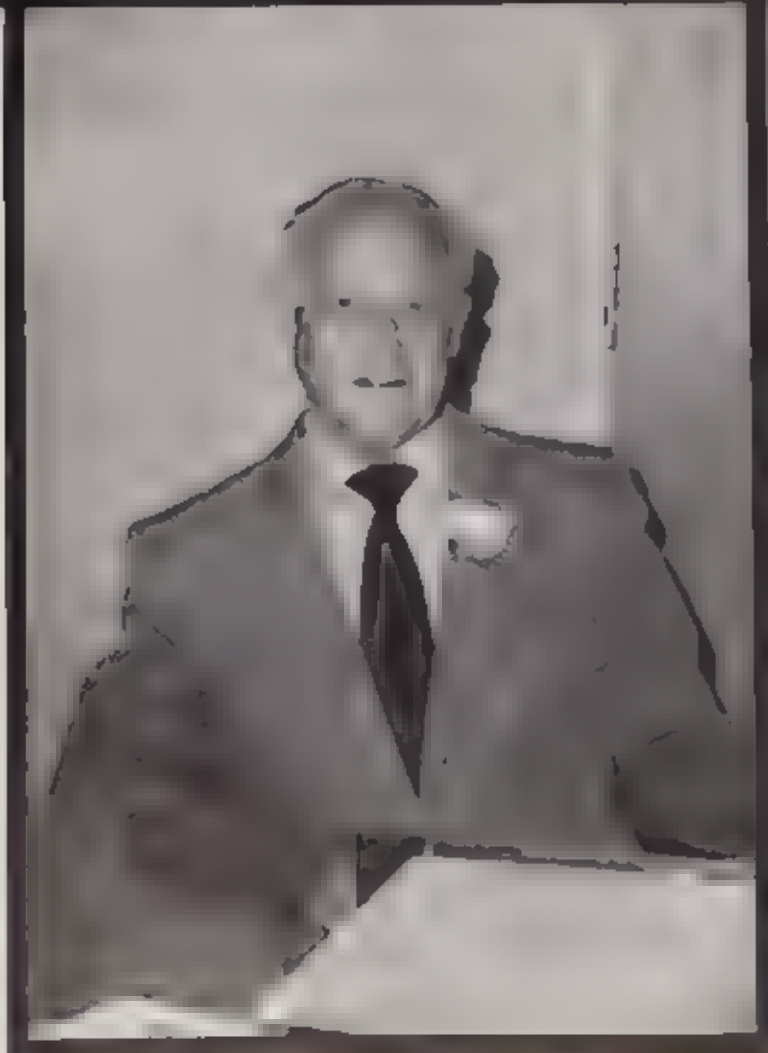

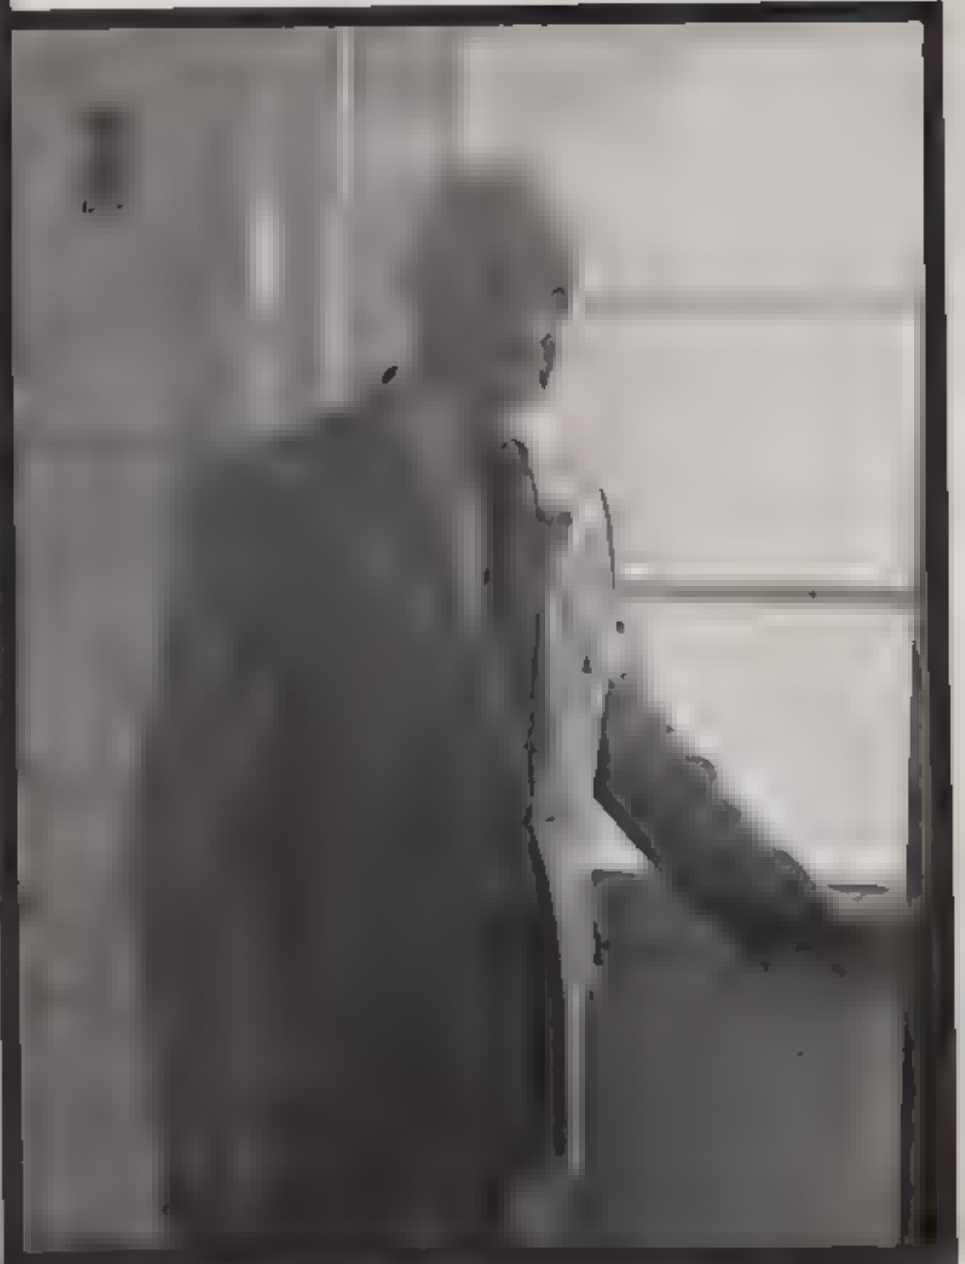

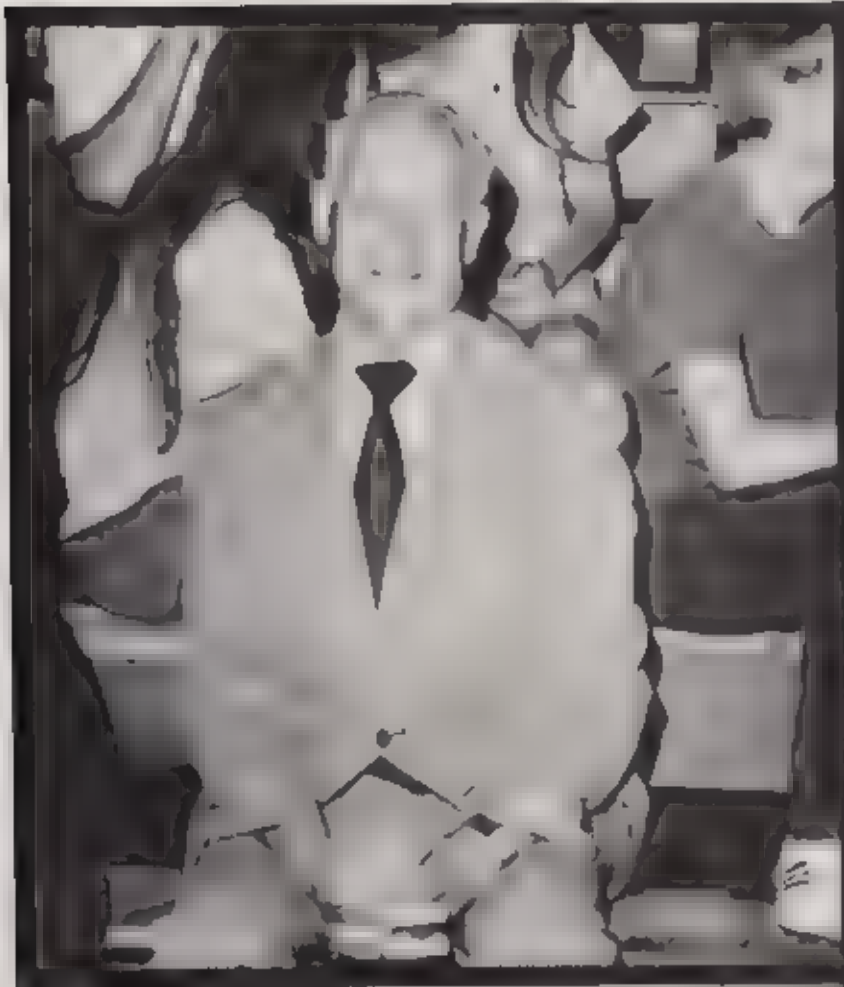

**STAR STUDENT AWARD**—given to the person scoring highest on the College Board Scholastic Aptitude Test. **SENIOR SUPERLATIVE**—voted "Most Intelligent" by her fellow classmates.

**PRESIDENTIAL SCHOLAR.**

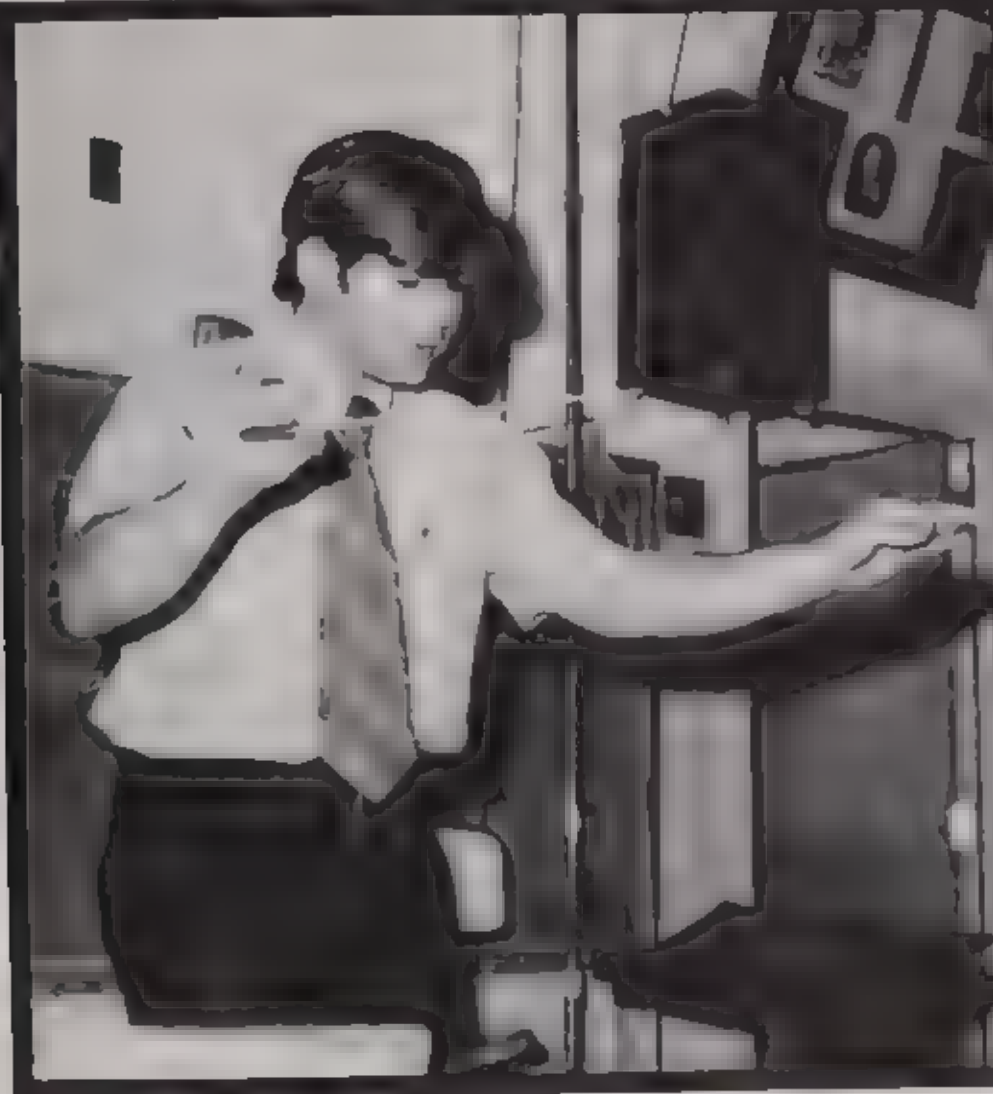

**PRESIDENTIAL SCHOLARS** are appointed by President Richard M. Nixon. Each year 121 young men and women from the United States are selected as Presidential Scholars. These students are the most intellectually able and academically promising young adults the United States possesses.
